PHAUNOS TIMBER FUND LIMITED**HALF YEAR RESULTS FOR THE 6 MONTHS ENDED 30 JUNE 2009**

28 August 2009

For immediate release

Phaunos Timber Fund Limited ("Phaunos" or the "Company"), the Authorised Closed-ended investment scheme managed by FourWinds Capital Management ("FourWinds") established to invest in timberland and timber related assets on a global basis, today issues its half year results for the period from 1 January 2009 to 30 June 2009.

HIGHLIGHTS

- Issued an additional US\$2.8 million of C Shares during the Period.
- Total capital raised since inception in December 2006 is US\$559.9 million.
- US\$211.6 million of portfolio commitments drawn down at 30 June 2009.
- Additional commitment of US\$38.6 million made during the Period, bringing the total portfolio commitment to US\$698.2 million at 30 June 2009.
- Net asset value per Ordinary Share of US\$0.99 at 30 June 2009 (31 December 2008: US\$0.99).
- Net asset value per C Share of US\$0.97 at 30 June 2009 (31 December 2008: US\$0.97).

Kimberly Tara, Chief Executive Officer of FourWinds Capital Management, commented on the results: "Over the past six months, Phaunos has continued to make solid progress in building a diversified global timberland portfolio, which it expects will grow in value for many years. The Group's strong cash position also leaves the Fund well placed to take advantage of current market conditions, and our robust development pipeline reinforces this view. We remain convinced that our diversified and growing portfolio of assets will continue to deliver excellent returns to our investors".

The Company ticker is PTF.

INVESTMENT UPDATE

Phaunos committed an additional US\$38.6 million and invested an additional US\$22.1 million during the Period. Total committed capital as at 30 June 2009 was US\$698.2 million and total invested capital was US\$211.6 million.

Significant events during the Period were as follows:

1. Phaunos US Inc ("Phaunos US"): At 31 December 2008, this wholly-owned subsidiary's commitment to Greenwood Tree Farm Fund LP ("GTFF") was US\$30.0 million, of which US\$29.2 million had been drawn down. During the Period, the total amount committed was increased to US\$36.4 million and a further US\$1.8 million was drawn down, increasing the total invested to US\$31.0 million. The additional commitment and drawdown were made primarily to fund working capital. GTFF is a 34,989 acre mixed age poplar plantation in the Northwest US. Due to depressed lumber and chip markets GTFF is delaying harvesting the mature timber on this property.
2. Aurora Forestal Limited ("Aurora"): At 31 December 2008, our commitment was US\$37.9 million, of which US\$27.7 million had been drawn down. During the Period a further US\$5.0 million was drawn down, increasing the total invested to US\$32.7 million. The additional drawdown was made primarily to fund initial phases of the cogeneration project which will utilize waste wood at the saw mill to generate power. The project is expected to be generating power in early 2011 and overall encompasses 19,437 hectares (owned by Aurora) of mixed age pine in northern Uruguay.
3. Forest Enterprise doo ("Forest Enterprise"): At 31 December 2008, our commitment to this wholly-owned subsidiary was US\$9.0 million, of which US\$8.1 million had been drawn down. During the Period, the total amount committed increased to US\$9.8 million and a further US\$1.7 million was drawn down, increasing the total invested to US\$9.8 million. The additional commitment was made for construction costs and working capital and the additional drawdown was utilised to fund the construction phase of Forest Enterprise's pellet mill in Eastern Europe. Completion of plant construction has been delayed to the fourth quarter of 2009.
4. Pradera Roja SA ("Pradera Roja"): At 31 December 2008, our commitment was US\$30.0 million, of which US\$14.0 million had been drawn down. During the Period, a further US\$5.2 million was drawn down, increasing the total invested to US\$19.2 million. The additional drawdown was made for the acquisition of land and for working capital to support the planting of eucalyptus plantations. This wholly-owned subsidiary in Uruguay was formed to buy land and develop eucalyptus plantations and at 30 June 2009 owned 8,182 hectares in southern Uruguay.
5. Eucateca SA ("Eucateca"): At 31 December 2008, our commitment to this wholly-owned subsidiary in Brazil was US\$150.0 million, of which US\$47.6 million had been drawn down. During the Period, five farms were acquired using capital already held in this operating company resulting in the ownership of nine farms with a total of 17,202 hectares.
6. Phaunos Norge AS ("Phaunos Norge"): At 31 December 2008, our commitment was US\$36.3 million, all of which had been drawn down. During the Period, the total amount committed and drawn down was increased to US\$36.4 million. These additional amounts were made for working capital purposes. Phaunos Norge, a wholly-owned subsidiary of Phaunos, owns shares in Green Resources AS ("GRAS"), a Norwegian company holding a diversified portfolio of African forestry assets; primarily long-term leases on existing and new plantations, including 14,300 hectares of existing plantations. Phaunos Norge also holds a convertible loan note for US\$10.5 million loaned to GRAS. Phaunos Norge received US\$721,900 in interest payments from GRAS during the Period.
7. Mata Mineira Investimentos Florestais Ltda ("Mata Mineira"): This wholly-owned subsidiary of Phaunos was established during the Period with a commitment of US\$25.0 million, none of which was drawn down. We have established Mata Mineira in Minas Gerais, Brazil, for the purpose of investing in eucalyptus plantations, both existing and greenfield, to supply the local pig iron smelting industry. The first investment in this project is expected in the fourth quarter of 2009.

In addition to the events described above, during the Period the Company made other commitments totalling US\$6.3 million. There were additional drawdowns in relation to existing portfolio investments totalling US\$8.3 million.

The Company continues to make solid progress in building a diversified global timber and timber-related portfolio which it expects will grow in value over many years and is well positioned to take advantage of current market conditions because of its strong cash position.

Subsequent to the Period end, the following events have occurred and the Company has been involved with the following projects:

1. Green China Forestry Company Limited ("Green China"): Green China is a company formed to acquire existing poplar plantations and establish new plantations in China. The Company has committed \$200.0 million to Green China, which continues to work through a robust pipeline of projects. To date, twenty projects have been reviewed; eight have been rejected. Six are classified as Tier 1 properties, with a higher than average likelihood of investment. China experienced first quarter growth of 6.1%, and second quarter growth of 7-8%(1), and many economists expect China to provide the growth engine for global economic recovery. Phaunos is well positioned to benefit from that growth, and

expects to close its first investment in China during the fourth quarter of 2009.

- (1) National Bureau of Statistics of China (NBS)
2. SC Romfor Timber SRL and BaltFor Timber OU: Phaunos has established two Eastern European subsidiaries for the purpose of acquiring mixed age, naturally regenerating forest, primarily hardwood in that area. However, due to the turbulence in those markets, the Company is being very cautious and making conservative offers. A total of ten offers for properties have been made; some have been rejected and negotiations are still in progress for others.
3. Pradera Roja SA: Since 30 June 2009, Pradera Roja has acquired an additional two farms, funded from cash held in the operating company. An additional US\$7.1 million was drawn down in July 2009 for anticipated acquisitions in the third quarter of 2009. Total hectares are currently 10,300.
4. Phaunos Norge AS: An additional US\$3.0 million was loaned by Phaunos Norge to GRAS in July 2009 for planting and working capital.

DIRECTORATE CHANGE

With effect from 30 January 2009, John Le Prevost resigned as a Director of the Company and was replaced by Sarah Evans, an independent non-executive Director, who is also a member of the Board's Audit and Management Committees.

SHARE CAPITAL

The Company has the authority to buy back up to 14.99% of its ordinary shares ("Ordinary Shares") from the Company's 2009 annual general meeting ("AGM") (held on 18 June 2009) until 14 months from such date or the 2010 AGM, whichever is the earlier. During the Period, the Company purchased 2,730,045 Ordinary Shares by way of market purchases to hold in Treasury ("Treasury Shares"). The total cost of those purchases was US\$1.8 million.

On 14 May 2009, the Company announced that it had placed a further 2,830,000 C shares ("C Shares") at a price of US\$1 per share.

Following the above transactions the Company has 498,334,561 issued Ordinary Shares, 4,065,045 Ordinary Shares held in Treasury and 41,700,000 issued unlisted C Shares, which will convert no later than 31 December 2009.

PRINCIPAL RISKS AND UNCERTAINTIES

The principal risks facing the Company relate to the Company's investment activities. These risks are market risk (comprising currency risk, interest rate risk and other price risk), liquidity risk, credit risk and capital management risk.

An explanation of these risks and how they are managed is contained in Note 26 of the Company's Annual Report and Consolidated Financial Statements for the year ended 31 December 2008 ("Annual Report").

A further risk facing the Company includes regulatory risk (that the loss of the Company's investment status or a breach of the Rules of the UK Listing Authority, the London Stock Exchange or the Guernsey Financial Services Commission, could have adverse financial consequences and cause reputational damage).

The principal risks and uncertainties that the Company is exposed to through timber or timber-related markets have not significantly changed since the publication of the Annual Report and are not anticipated to change for the remainder of 2009.

The Annual Report is available on the Company's website www.phaunostimber.com.

PERFORMANCE OF THE FUND

The results for the Period are set out in the Condensed Interim Consolidated Statement of Comprehensive Income on page 7.

Total income for the Period was US\$0.6 million, compared to US\$6.3 million for the same period in 2008. There were several factors which have contributed to this reduction. The revaluation of Aurora Forestal and Phaunos US together created unrealised losses of US\$2.5 million. In addition the low interest rates prevailing since June 2008 have impacted the Company's operating income, with interest earned on the Company's surplus cash falling to US\$2.7 million in the Period, from US\$6.3 million for the same period in 2008. Furthermore, income from timber sales has not materialised as harvesting has been delayed in the light of low timber prices across the world.

Operating expenses have increased to US\$8.3 million (30 June 2008: US\$5.7 million) reflecting the expansion of the business during the twelve months to 30 June 2009.

Despite the net operating loss for the period of US\$7.7 million, the Company's unaudited net asset value ("NAV") remains unchanged at US\$0.99 per Ordinary Share as movements in exchange rates, particularly the Brazilian Real, have led to an increase in the value of subsidiaries of US\$5.6 million, as shown in the Condensed Interim Consolidated Statement of Changes in Equity. The Company's unaudited NAV per C Share was US\$0.97.

DIVIDENDS

The Board is not currently proposing an interim dividend for the Period or an annual dividend, but will continue to review the situation.

RELATED PARTIES

There were no significant related party transactions during the Period nor any material change to related party transactions described in the Annual Report. Please refer to Note 17 for details.

RESPONSIBILITY STATEMENT

To the best of the knowledge of the Directors:

The Interim Report for the six months ended 30 June 2009 gives a true and fair view of the assets, liabilities, financial position and profit or loss of the Company and has been prepared in accordance with International Accounting Standards (IAS) 34 'Interim Financial Reporting'.

The Interim Management Report includes a fair review of the information required by:

- a) DTR 4.2.7 of the Disclosure and Transparency Rules, being an indication of important events that have occurred during the first six months of the financial year and their impact on the condensed set of financial statements; and a description of the principal risks and uncertainties for the remaining six months of the year; and
- b) DTR 4.2.8 of the Disclosure and Transparency Rules, being related party transactions that have taken place in the first six months of the current financial year and that have materially affected the financial position or performance of the entity during that Period; and any changes in the related party transactions described in the last annual report that could do so.

Signed on behalf of the Board by:

Peter Niven
Director

Sarah Evans
Director

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
for the six months ended 30 June 2009

1. ACCOUNTING POLICIES

(a) Basis of Preparation

The condensed unaudited interim consolidated financial statements ("interim financial statements") of Phaunos Timber Fund Limited ("Phaunos" or the "Company") have been prepared in accordance with International Accounting Standard (IAS) 34 "Interim Financial Reporting". These interim financial statements do not include all the information and disclosures required in annual financial statements, and should be read in conjunction with the Company's consolidated annual financial statements for the year ended 31 December 2008.

The interim financial statements are presented in US Dollars because that is the currency of the primary economic environment in which the Group operates. The Group comprises the Company and entities controlled by the Company (its subsidiaries) as listed below in Note 8.

These interim financial statements have not been audited or reviewed by the auditors pursuant to the Auditing Practices Board guidance on Review of Interim Financial Information.

(b) Significant Accounting Policies

The same accounting policies, presentation and methods of computation are followed in these interim financial statements as were followed in the preparation of the Company's consolidated annual financial statements for the year ended 31 December 2008, except for the adoption of IFRS 8, 'Operating Segments' ("IFRS 8") as noted below. Adoption of this standard, as required by International Financial Reporting Standards did not have any effect on the financial position or performance of the Company.

(c) Changes in accounting policies

Determination and presentation of operating segments

The Company has adopted IFRS 8 as of 1 January 2009, which requires a 'management approach', under which segment information is presented on the same basis as that used for internal reporting purposes.

The Board has considered the requirements of IFRS 8. The Board, as a whole, has been determined as constituting the chief operating decision maker of the Company. The key measure of performance used by the Board in the capacity of 'chief operating decision maker', is to assess the Company's performance and to allocate resources based on the total return of each individual investment within the Company's portfolio, as opposed to geographic regions. As a result, the Board is of the view that the Company is engaged in a single segment of business, being investment in timber and timber-related investments, and therefore, no reconciliation is required between the measure of profit or loss used by the Board and that contained in the interim financial statements.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued) for the six months ended 30 June 2009

1. ACCOUNTING POLICIES (continued)

The audited consolidated financial statements for the year ended 31 December 2008 contained disclosure of geographic segments as required by IAS 14, Segment Reporting ("IAS 14"). However, given the revised parameters under IFRS 8, which supersedes IAS 14, and the Board's assessment that the Company is engaged in a single business segment, the IFRS 8 disclosures are not contained in these interim financial statements.

(d) Change in Accounting Treatment

At 31 December 2008, the investment in Phaunos Norge AS (which invests into Green Resources AS) was treated as a financial asset designated at fair value through profit or loss. At 30 June 2009, the assets and liabilities of this wholly-owned subsidiary were fully consolidated. As a result, there is no comparative at 31 December 2008, in the Condensed Interim Consolidated Statement of Financial Position, for the loan advanced by Phaunos Norge AS to Green Resources AS for US\$10.5 million during 2008 (see Note 10). This change in accounting treatment also impacts the Condensed Interim Consolidated Statement of Cash Flows, whereby the increase in long term loans receivable of US\$5.3 million does not include the Phaunos Norge AS loan receivable.

At 31 December 2008, the investment in SC Romfor Timber SRL was treated as a financial asset designated at fair value

through profit or loss and represented 0.13% of the Company's NAV at that date (refer to the Schedule of Investments on page 24). At 30 June 2009, the assets and liabilities of this wholly-owned subsidiary were fully consolidated, which resulted in a nil fair value being disclosed in the Schedule of Investments on page 24.

(e) Financial liabilities held for trading

Forward foreign currency contracts

Open forward foreign currency contracts, which were entered into during the Period, are valued at forward currency rates at that date. The unrealised appreciation or depreciation on open forward foreign currency contracts is calculated by reference to the difference between the contracted rate and the forward rate. The net movement in financial liabilities held for trading is reported in the Condensed Interim Consolidated Statement of Comprehensive Income.

7. BIOLOGICAL ASSETS

	30 June 2009	31 Dec 2008
	(Unaudited)	(Audited)
	US\$	US\$
Opening value at cost	1,248,861	-
Additions	7,953,729	1,248,861
Closing value at cost	<u>9,202,590</u>	<u>1,248,861</u>

Biological Assets are held by Pradera Roja SA and consist of eucalyptus plantations in Uruguay for both the fibre and sawn

wood markets. Eucalyptus is typically grown on a nine year rotation for fibre/energy, or a fifteen to twenty-two year rotation for sawtimber. Uruguay is one of the main timber markets in South America due to the property laws in relation to security of title for landowners, favourable climate conditions to grow eucalyptus, good technical level of local labour, and presence of the world's largest timber companies.

Biological Assets are also held by Eucateca SA and consist of eucalyptus and teak plantations in Brazil. The teak strategy is aimed at the production of premium logs, typically grown for 25 years. The Eucalyptus strategy includes short-rotation fuelwood and longer-rotation sawtimber, with the potential to reach final harvest in less than 7 years for fuelwood.

Biological Assets are measured at fair value until harvested.

Realised gain on disposal of investments	212,646	36,961
Net losses on financial assets designated at fair value through profit or loss	(2,426,223)	(4,770,410)

The nature of the investments designated at fair value through profit or loss is as follows:

Phaunos US Inc.	Timber operation
Aurora Forestal Limited	Joint venture
Masarang Foundation Asset Linked Euro Note 09/2012	Loan
NTP Timber Plus Fund I LP	Investment in limited partnership
Phaunos Norge AS (see Note 1d)	Loan and investment in equity
US Treasury Bills 0% 07/02/2009	Financial instrument

* Includes the proceeds on maturity and purchase of replacement US Treasury Bills to the value of approximately US\$420 million during the Period.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued) for the six months ended 30 June 2009

9. INVESTMENTS (continued)**Investment Appraisals**

Timber and timber-related assets are valued by independent external appraisers every year, except for the first year after acquisition, when the investment is carried at acquisition cost. The lag between the date of and receipt of the individual appraisals, may mean that some appraisals will not be received in time for inclusion in the financial statements relating to the period in which the appraisal took place. In these instances the appraised value will be reflected in the next period's financial statements.

During the Period, appraisals were received for assets held through Aurora Forestal Limited, Phaunos US Inc. and Phaunos Norge AS. These appraisal values are included in the fair values of these investments at the end of the Period and the movement in the fair value is included in net losses designated at fair value through profit and loss.

Appraisals will be conducted in the final quarter of 2009 for the following investments and are expected to be reflected in the annual consolidated financial statements for the year ending 31 December 2009:

- Aurora Forestal Limited

- Caldrey SA
- Eucateca SA
- Forest Enterprise doo
- Phaunos Norge AS
- Phaunos US Inc.
- Pradera Roja SA

Loans and Treasury Bills, which are carried at fair value, are excluded from the independent valuation process.

3 December 2008	(100,000)	0.79	(78,500)
4 December 2008	(25,000)	0.80	(20,000)
5 December 2008	(225,000)	0.79	(177,750)
At 31 December 2008	501,064,606		517,207,619

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued) for the six months ended 30 June 2009

14. SHARE CAPITAL (continued)

Purchase of Ordinary Shares (now held in Treasury):			
1 May 2009	(75,000)	0.69	(51,479)
6 May 2009	(250,000)	0.72	(179,485)
8 May 2009	(350,000)	0.71	(249,875)
12 May 2009	(350,000)	0.71	(247,245)
26 June 2009	(1,405,045)	0.64	(901,029)
30 June 2009	(300,000)	0.64	(192,762)
At 30 June 2009	498,334,561		515,385,744

The holders of the Ordinary Shares and C Shares will, under general law, be entitled to participate in any surplus assets in a winding-up only in proportion to their respective shareholdings in the appropriate class.

As detailed above, the Company purchased 2,730,045 of its own Ordinary Shares during the Period (2008: 1,335,000).

15. PURCHASE OF ORDINARY SHARES (NOW HELD IN TREASURY)

	30 June 2009 (Unaudited) US\$	31 Dec 2008 (Audited) US\$
Treasury Shares reserve at beginning of Period	987,436	-
Ordinary Shares purchased during the Period	1,821,875	987,436
Treasury Shares reserve at end of Period	2,809,311	987,436

The Treasury Shares reserve at the end of the Period represents 4,065,045 Ordinary Shares (31 December 2008: 1,335,000 Ordinary Shares) of which 2,730,045 Ordinary Shares were purchased in the market during the Period, at various prices per share ranging from \$0.64 to \$0.72. These shares may be reissued or cancelled.

At the AGM of the Company held on 18 June 2009, it was resolved that the Company be authorised to make market purchases of Ordinary Shares for a period of 14 months or until the Company's next AGM (whichever the earlier), provided that the number of Ordinary Shares purchased shall not exceed 14.99% of the number of Ordinary Shares in issue on that date being 500,039,606.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued) for the six months ended 30 June 2009

15. PURCHASE OF ORDINARY SHARES (NOW HELD IN TREASURY) (continued)

The number of own Ordinary Shares purchased since the passing of the resolution on 18 June 2009, now held in Treasury by the Company at the Period end, represents 0.81% of the Ordinary Shares in issue at the date the resolution was passed.

The Company's authority to make purchases of its own issued Ordinary Shares will expire at the conclusion of the next AGM of the Company and renewal of such authority to make purchases of Ordinary Shares will be sought from shareholders. Under such authority, the Directors only intend to purchase shares where they believe such purchases will result in an increase in the NAV per Ordinary Share and will assist in narrowing any discount to the NAV per share at which the shares trade.

16 . CAPITAL COMMITMENTS

At the Period end the Company had outstanding commitments of up to US\$486.7 million (31 December 2008: US\$659.6 million). Since the Period end, the Company made no further commitments, however, US\$9.0 million of the existing commitments have been drawn down. The remaining commitments are open-ended, carry no due date and are drawn down when the funding is required.

17. RELATED PARTIES

FourWinds Capital Management is the Company's investment manager (the "Investment Manager"). Liane Luke (a Director of the Company) is the Head of Timber with the Investment Manager's group and the portfolio manager for the Company. Kimberly Tara (a Director of the Company) is a director, shareholder and Chief Executive Officer of the Investment Manager. Neither Liane Luke nor Kimberly Tara has any entitlement to receive Directors' fees. Fees of US\$3,680,713 (June 2008: US\$3,804,183) were paid by the Company to the Investment Manager during the Period, of which US\$Nil (June 2008: US\$Nil) was due to this related party as at 30 June 2009.

18 . EVENTS AFTER THE BALANCE SHEET DATE

Pradera Roja SA: Since 30 June 2009, Pradera Roja AS has acquired an additional two farms, funded from cash held in the operating company. An additional US\$7.1 million has been drawn down in July 2009 for anticipated acquisitions in the third quarter of 2009.

Phaunos Norge AS: An additional US\$3.0 million was loaned by Phaunos Norge AS to Green Resources AS in July 2009 for planting and working capital.

Forest Enterprise doo: An additional US\$1.7 million was drawn down in August 2009 for additional construction costs and working capital.
